

GIN BLURRY MOON

PRODUIT

« Blurry Moon Gin » - A Botanical Moonlight Stroll

Looking for a gin with a difference? Blurry Moon is a handcrafted gem that takes you on a subtly captivating sensory experience.

Distilled in small batches, this French gin is inspired by misty, nocturnal landscapes, from which it takes its poetic name. Upon opening, the nose is enveloped in floral and herbal aromas, with a beautiful presence of juniper, enhanced by notes of lavender, rosemary, and white pepper. On the palate, the attack is smooth, almost velvety, followed by complex flavors blending candied citrus, sweet spices, and a slight bitterness that elegantly prolongs the finish.
