

RIESLING "HUGEL"

PRODUIT

Nestled in the sun-drenched hills of Riquewihr, Alsace, Riesling Hugel embodies the elegance and precision of this noble grape variety in its native terroir. Its refined nose reveals aromas of ripe lemon, white flowers, and flint, the hallmark of a dry and distinguished Riesling. The palate, taut and crystalline, offers a beautiful minerality supported by vibrant and perfectly integrated acidity. Produced from old vines, it is vinified without artifice to preserve the purity of the fruit and the identity of the soil. This great white wine pairs wonderfully with seafood, grilled fish, Alsatian dishes, or refined Japanese cuisine.
